Key facts & classification

USA-Podcast

Every week, we take an **in-depth analytical look at the USA**, initially through the lens of the election campaign (highlight: election 5th November 2024). In doing so, we investigate **the key social issues**:
How secure is my job? How should I pay for my next visit to the doctor? Which school should I send my

children to? How can I pay my rent?
In addition to the political establishment, people who don't have time for the American dream because they have to organise their lives also have their say - where possible. They represent **the major phenomena and problems** in the USA.

Content Concept

USA-Podcast

Our expertise

USA-Podcast

Hosting

David Vogel and Marlen Oehler take turns to host the podcast. They are informed and interested hosts who guide listeners through the podcast in a focussed manner – and whose curiosity and fascination for the USA facilitate identification for the listeners.

Guests

Our **USA correspondents** are the dialogue partners. They have carried out research on site and/or have the ability to analyse structures: Isabelle Jacobi, Marie-Astrid Langer, Christian Weisflog and David Signer. External guests are also possible.

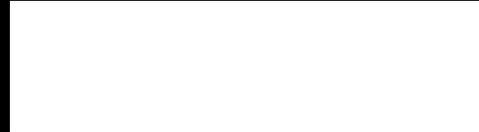

Content differentiation from NZZ Akzent

The «NZZ Akzent» podcast is more concerned with the current events surrounding the US elections (primaries, election campaign, political debate, other current US topics), **while the «USA-Podcast» provides a deeper insight into the structures** behind them.
